

Multinational Business Academy...for Global Employability

Study and Experience ‘Dazzling Dubai’

WoW Dubai!

Dubai has population of 2.1 million and has grown steadily to become a global city and a business and cultural hub of the Middle East. Although Dubai's economy was historically built on the oil industry, the emirate's Western-style model of business economy earns main revenues from trade, transport & logistics, travel & tourism, civil aviation, real estate, education, media & healthcare, and financial services. Dubai has become symbolic for its unique skyscrapers and high-rise buildings, such as the world's tallest Burj Khalifa, man-made islands, hotels, and some largest shopping malls in the world. In 2012, the Global City Competitiveness Index ranked Dubai at No. 40 in the world.
